

The toughest BBQs around

The Heatlie BBQ series includes some of the toughest barbecues anywhere in the world. All are designed and manufactured in South Australia since 1976 by experienced craftsmen.

Originally designed for the commercial industry, the full range of Heatlie BBQs, built to last, are now available for you to enjoy at home, at your sports or social club, or at your school for fund raising events.

All Heatlie products are 100% Australian Made, exceptional quality & environmentally friendly – they will last for years.

All Heatlie BBQs include the superior Ribbon Burner System which uses two precision machined burners to produce a superb, more even heat than other types of burners.

It's no wonder experts choose Heatlie.

HEATLIE – Simply Entertaining

Exploded BBQ Diagram

Performance

- » Ribbon burners and solid steel plate give very uniform heat distribution. (the most uniform of any type of barbecue)
- » Easiest of all BBQ's to clean and maintain. No fuss and ready to use again.
- » No unwanted or unused features.
- » Safety features – controls on side, no oil or fat leak or drip onto burners.

Product

- » Incorporates standard 700 or 850 Heatlie Barbecue.
- » Easy to install by DIY home renovators or tradesmen alike.
- » Choice of plate thicknesses in 5mm or 10mm mild steel and 6mm or 10mm stainless steel.
- » Simple step-by-step instructions.
- » LPG or natural gas.

Customer Service

- » 10 year warranty (for domestic use)
- » Friendly & experienced staff to answer all your enquiries.
- » Spare parts available.
- » Prompt customer service backed with many years of experience.
- » Please visit www.heatlie.com.au for additional info & recipes.
